

DNA TEST REQUEST FOR AMERICAN SADDLEBRED HORSES

ATTENTION!

DNA test to confirm parentage is mandatory for all purebred horses. This means that sire and dam must also have their DNA on file in order to verify parentage of any offspring. All purebreds who are offspring of ASHA registered horses will have their DNA undertaken through USA-UK with the ASHA – this will eliminate any additional cost for DNA verification when registering your horse with the ASHA (mandatory for entry onto our Main Registry).

Note: Ordering your DNA kits early will expedite the process of registration (and issuing of passports) both with the ASHA and USA-UK.

Name:..... Phone:..... Email:

Mail Kits to Address:

ORDER FORM – ONE FORM PER DNA REQUEST

Name of foal (if known):.....
(not mandatory for DNA kit)

Date Foaled:..... Sex of foal:.....
